

Reader Response: Scholarly Article

Directions: The goal of reading the assigned article is to give you a deeper understanding of the author we are studying and his or her work. To do this, find five quotes as you read that you think best explain the main idea. Record these quotes in the “Page Number and Quote” column. In the “Personal Response” column, respond to each quote by explaining why these sections of the article are so important. What have they made you understand or consider that you did not contemplate before?
